

Lokaviz - the student accommodation center

Whether you need to find *shared accommodation* or *individual accommodation*, the Crous provides you with **Lokaviz, the non-commercial student housing center.** Some offers are labeled by Crous teams. You can then be sure that they meet certain requirements.

- Compliance with regulatory criteria for decent housing (surface area, security, etc.)
- Energy performance of buildings
- Amount of rent, charges, and any benefits
- Compliance with good practices in terms of rental relations between the lessor and the tenant
- Location close to higher education establishments and sports and cultural facilities

How to take advantage of it?

You can consult the Lokaviz offers freely. To contact a lessor, you must create an account on Lokaviz.

To do this, bring **your INE number** (student number) or, if you do not yet have one, a **document proving that you are registered in a higher education institution** or a school certificate, transcript of the 'bac' if you have just received it...

*Check lokaviz.fr

Roommate Offers

Several specialized sites and/or apps offer you to find **shared accommodation** or roommates:

[The Roommate Card](#) (100% free)

[Immojeune](#) (100% free)
